

Collage 600

Design:

Louise Campbell

Concept:

The fixture emits diffuse light directed primarily downwards. The patterns on the three lasercut acrylic shades have been carefully staggered with the aim of eliminating unpleasant glare from the light source. The patterns differ between the shades, resulting in different perceptions of light and shadow depending on the viewing angle. A soft and comfortable light will be obtained by mounting the lower antiglare shade.

Finish:

White Matt, Rose Matt, Blue-Grey Matt, Dark green matt.

Material:

Suspension: Natural anodised aluminium. Shades: Laser cut matt acrylic.

Mounting:

Suspension type: Cable 2x0,75mm². Canopy: Yes. Cable length: 4m.

Weight:

Min: 4.4 kg Max: 4.8 kg

Class:

Ingress protection IP20. Electric shock protection II.

Info notes:

Top- and bottom antiglare shades are available as accessories.

Specification notes:

The innovation of light sources is ongoing. Consequently we only inform about the max. wattages. On www.louispoulsen.com we update a list of recommendable light sources.
